Technical rider

Performance for 8 dancers

Time : 30 minutes

Capacity : 800 people

Set up : 2 hours (daytime) 4 hour (night)

Take down : 2 hours

Overlap : 30 minutes

Choreographer : Olivier Germser / 06 82 69 74 29 / olivier1@tangosumo.com

Lighting director : Loïc Lostanlen / 06 70 64 07 11 / loic.lostanlen@wanadoo.fr

Production / Diffusion : Thaïs Le Saux / 02 98 62 10 13 / tangosumo@tangosumo.com

Spare required : A circle drawn in a space of 18m x 18m

Total space with audience : 24 x 24m

Flat ground (no mats, no flagstones, not a field)

No noise pollution if possible

NB : Around is a very physical choreography, to avoid any complications for the dancers, it would be preferable to avoid scheduling the performance during the hottest part of the day, the ideal moment being the evening or at night.

To be provided by the organizers

► Staff

Day time : 1 sound technician

Night time : 1 sound technician + lighting technician

2 people to reception the audience

security of place

► Equipment

Sound : 1 professional sound system adequate for an audience capacity of 800 spectators (8 stereo speakers preferable, 4 minimum)

Recommended model : D&B, C.Heil, Adamson, Martin Audio,...

Sound processing : Computer linked sound system (computer belonging to Tango Sumo)

Provisions to be made : 2DI / cables / CD player (spare) + order microphone+ mixing desk

The sound system should be adjusted by the technician before the company arrives.

Electric power supply required for sound system independent of lighting system.
